

About the Wood and Finish

This product has been carefully crafted of: MDF, solid pine wood and/or pine veneers. These materials derive from reforestation, a renewable and well managed forest, therefore, not endangering the environment. The highest quality standards have been implemented to assure a sturdy and reliable product. Due to the natural variances in the

graining of wood, you may notice subtle differences in the shading and tone of the color stain, warp, holes, wood knots and also small cracks. This is not a defect.

But rather a result of the natural beauty of the wood itself.

Care and maintenance:

Dust when needed using a smooth, dry cloth. Household furniture polish can be used occasionally to restore luster.

Fort Worth, Texas 76140
