

About the Wood and Finish

This product has been carefully crafted of: MDF, solid pine wood and/or pine veneers. These materials derive from plantations, a renewable and well managed forest, therefore, not endangering the environment. The highest quality standards have been implemented to assure a sturdy and reliable product. Due to the natural variances in the

graining of wood, you may notice subtle differences in the shading and tone of the color stain, warp, holes, wood knots and also small cracks. This is not a defect.

But rather a result of the natural beauty of the wood itself.

Care and maintenance:

Dust when needed using a smooth, dry cloth. Household furniture polish can be used occasionally to restore luster.

Fort Worth, Texas 76140

ASSEMBLY INSTRUCTIONS

TO HOLD THE OTHER END OF THE SIDE RAIL.

10

PLEASE ASSEMBLE
ON THE GROUND.

11

12

The first slats must be fixed to the end of the side rail bracket.

F  1 3/16" Screw Qty 06

13

IMPORTANT NOTE:

Please note warpage may occur because it is natural wood. To facilitate the placement of the screws, you must press the two siderails simultaneously, as shown by the arrows.

Please refer to the diagram below for placement of the cross-slats

If you are alone in this step, screw 1 slat first, pull the slat and push the side rail to fix the other slat.

F 1 3/16" Screw Qty 02

14

After fixed the first slat use the hardware letter "H" to help define the space between each next slats. Use 1- I on the left side rail and 1- I on the right side rail
